Product highlights

RealFlat™ picture tube
Undistorted and reflection-free picture for maximum viewing comfort.

ActiveControl™
Noise, sharpness, brightness, contrast and color are analyzed and picture settings are optimized to give you the best picture possible.

4:3 Expand
Expands movie images recorded in letterbox format by removing the black horizontal bars at the top and bottom and filling the entire screen.

16:9 Compress
Compresses full screen movie images into letterbox format by adding the black horizontal bars at the top and bottom of the TV screen. It eliminates the stretched effect of anamorphic movies.

Dynamic Noise Reduction
Reduces picture graininess caused by weak signals to produce a clearer picture and enhance the viewing experience.

IncredibleSurround™
Widens and deepens the soundstage for more immersing home entertainment experience.

Component Video input
The best possible input for high resolution sources such as DVD, STBs and game consoles for superb color purity, detail and reduced color noise, surpassing even S-Video.

S-Video input
The ideal way to connect high resolution picture sources like DVD, Digital Satellite & Cable TV and video games consoles for even better detail than standard video inputs.
